

This document is currently being used as a means to discuss how to create and maintain an index of those who have passed to ensure we remember them in as broad a way as possible. For example, these details are always available via the Roll of Honour page in the AEA website, however a document such as this could provide a simple means to post details each month for those who have passed and address a wider audience, such as via The Sqn Facebook group. Once the concept is discussed and agreed further details of individuals will be added.

Updates: 2nd Aug 2018 – Added “Last Post” listing into main list

4th August 2018 – Added more individual details and added link to AEA Roll of Honour page for each individual
